

Division of Epidemiology, Associate or Full Professor

The Division of Epidemiology in the Department of Family Medicine and Population Health at Virginia Commonwealth University (VCU) invites applications for a tenure-eligible Associate or Full Professor. The Division is a premiere public health program, recognized for innovative, experiential training for a new generation of public health leaders and rigorous research that improves population health and health equity.

Qualifications: Candidates must have a doctoral degree in epidemiology or related field and be eligible to work in the United States. Those with an interest and strong background in epidemiologic methods are encouraged to apply. The successful candidate will have a well-developed scholarly/research portfolio with clear evidence of multi-disciplinary applications and external funding appropriate to complement and expand existing expertise in the Division as well as accomplishments in graduate-level teaching and other professional activities commensurate with appointment as a tenure-eligible Associate or Full professor. All candidates should have demonstrated experience working in and fostering a diverse faculty, staff, and student environment or a commitment to do so as a faculty member at VCU. Individuals with research and teaching interests in all content areas are welcome to apply.

About the Division: The Division currently consists of 7 core faculty with active research programs in behavioral/cancer epidemiology, maternal/child health, psychiatric epidemiology, genetic epidemiology, traumatic brain injury, and social disparities in health. Located in the state capital of Richmond, Virginia, approximately 100 miles south of Washington, D.C., this position offers opportunities for interaction and research collaboration with faculty in two other public health departments, clinicians, and practitioners and policy makers in state and local agencies. VCU boasts one of the country's most comprehensive health sciences centers, including the Schools of Medicine, Pharmacy, Nursing, Dentistry, and Allied Health Professions, as well as the NCI-designated Massey Cancer Center, the C. Kenneth and Dianne Wright Center for Clinical and Translational Research, the Center on Society and Health, and the Virginia Institute for Psychiatric and Behavioral Genetics.

About Virginia Commonwealth University: VCU is a major, urban research university with national and international rankings in sponsored research. Located in downtown Richmond, VCU enrolls nearly 31,000 students in 223 degree and certificate programs in the arts, sciences and humanities. Sixty-eight of the programs are unique in Virginia, many of them crossing the disciplines of VCU's 13 schools and one college. VCU Hospitals and Clinics and the health sciences schools of Virginia Commonwealth University comprise the VCU Health, one of the nation's leading academic medical centers. For more, see www.vcu.edu.

Application Process: Applicants should submit: (1) a personal statement, (2) their curriculum vitae, and (3) list of three references to www.vcujobs.com, Position #F33350. Applications will be accepted and reviewed until the position is filled.

Virginia Commonwealth University is an equal opportunity, affirmative action university providing access to education and employment without regard to race, color, religion, national origin, age, sex, political affiliation, veteran status, genetic information, sexual orientation, gender identity, gender expression, or disability.
